11 APR 2001

MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Personnel Security Single Scope Background
Investigation Periodic Reinvestigations (SSBI-PRs)

1. References:

a. Message, HQDA, DCSINT, 291028Z September 2000, subject: Personnel Security Update Message 00-03 (FY01-02 Personnel Security Investigation (PSI) Submission Guidance).

b. Memorandum, HQ TRADOC Chief of Staff, 28 November 2000, Personnel Security Periodic Reinvestigations (PRs).

2. Reference 1a required resolution of outdated SSBI/SSBI-PRs (PSI submitted or clearance downgraded/terminated) no later than 31 March 2001. In reference 1b, commands were directed to ensure the required submission of outdated SSBI/SSBI-PRs for Top Secret (TS) security clearances to the appropriate investigative agency no later than 31 January 2001. This would ensure investigations were received/opened prior to mandated downgrading actions.

3. As of 1 April 2001, DA personnel requiring Sensitive Compartmented Information (SCI) or TS access (including MOSS which require SCI or TS for retention) must have their reinvestigation submitted by their 5-year anniversary date of the prior PSI. Individuals with SSBI/SSBI-PR exceeding the 5-year mandate must be formally nominated for clearance downgrading by their security manager to U.S. Army Central Personnel Security Clearance Facility via DA Form 5247-R (Request for Security Determination).

4. As of this date, all TRADOC MSC's have met the requirements in reference 1b above, except for the following Commands:

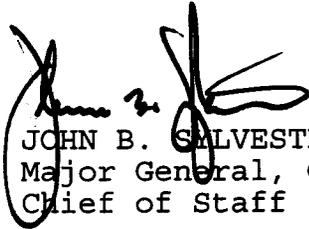

<u>MSC/Installation</u>	<u>SCI</u>	<u>TS Only</u>	<u>TS (Other)</u>
Fort Benning	0	38	0
Fort Gordon	0	4	0
Fort Huachuca	36	127	0
Fort Jackson	0	2	2
Cadet Command	0	31	0
OMMCS	<u>0</u>	<u>44</u>	<u>0</u>
Totals	36	246	2

ATIN-SE

SUBJECT: Personnel Security Single Scope Background
Investigation Periodic Reinvestigations (SSBI-PRs)

5. Effective immediately, commanders of the installations in paragraph 4 above will ensure that individuals who have not submitted their SSBIs/SSBI-PRs submit them no later than **30 April 2001**. Without exception, on 1 May 2001, installation security managers will formally nominate, via DA Form 5247-R, those individuals who have failed to submit their SSBIs/SSBI-PRs to the USACCF for immediate downgrading of their current access to classified information to the next lowest level; i.e., TS w/SCI access to Secret.

6. TRADOC point of contact is Ms. D. Willis, DSN 680-3009 or (757) 788-3009, willisdj@monroe.army.mil.
